EDUCATION

Ramachandra College of Engineering
2023 – Present | Eluru
B.Tech in Computer Science & Engineering - Cybersecurity (9.5)

Vikas Junior College
2021 – 2023 | Jangareddygudem
intermediate (90%)

St Mary's English Medium School
2020 – 2021 | Kamavarapukota
High School (95%)

PROJECTS

SIH – Anytime Medicine Vending Machine (2024)
- Developed a smart medicine vending system providing 24/7 access to essential medicines with secure authentication and prescription validation.

CSP: Cybersankalp: Commitment to Safety (2025)
- Conducted cybersecurity awareness programs across schools, colleges, banks, and police stations to promote digital safety and cyber hygiene

NeuroTrace AI – AI-Powered Digital Forensics Platform (2026)
- Developed an AI-powered digital forensics platform for evidence analysis, incident investigation, and automated reporting.

USB Sentinel AI X: Autonomous Threat Intelligence Platform (2026)
- Designed an AI-based USB threat detection system with file monitoring, risk analysis, and malicious activity detection.

ACHIEVEMENTS

- B.Tech 1st Year Academic Topper.
- Department Topper (All Semesters)
- Second Place – Bharatiya Bhasha Essay Competition.
- Second Place – Space Technology PowerPoint Presentation Competition.

CERTIFICATES

- GenAI Mastery – Udemy
- Ethical Hacking – ResilientShield
- C Programming – Coursera
- Python for Beginners – Simplilearn
- HTML – Simplilearn

SKILLS

Technical Skills
- **Programming :** Python, C, Java(Basic), HTML, CSS, JavaScript(Basic).
- **Cybersecurity Tools:** Nmap, Burp Suite(Basic), VAPT, Event Logger.
- **Core Concepts:** Computer Network, TCP/IP.
- **Operating Systems:** Windows, Linux.

Soft Skills
- Communication, Teamwork, Adaptability, Presentation Skills, Mentoring, Leadership

WORKSHOPS

- **2-Day Ethical Hacking Workshop** (2024)
- **Power BI Workshop** – OfficeMaster (2025)
- **5-Day Cybersecurity & Ethical Hacking Workshop** (2025)
- **5-Day Full Stack Development Workshop** – Innomatics Research Labs (2025)

INTERNSHIPS

Micro Information Technology Services
Full Stack Development Intern | 2025
- Built responsive web applications using HTML, CSS, and JavaScript.

CodTech IT Solution
Cybersecurity Intern | 2025
- Worked with cybersecurity tools and basic vulnerability assessment.

EduSkills Academy
Ethical Hacking Intern | 2026
- Completed a 10-week internship in ethical hacking and penetration testing.

Thiranex
Project Intern | 2026
- Developed responsive web applications and supported project implementation.

SynthoQuest Private Limited
Development Intern | 2026
- Contributed to web development and cybersecurity-related projects.

EduSkills Academy (with Zscaler)
AICTE EduSkills Virtual Intern – AI & Cybersecurity | 2026
- Gained hands-on experience in AI, Machine Learning, LLMs, and Cybersecurity
